A hand-drawn diagram of a rectangular structure, possibly a cross-section of a building or a container. The structure is divided into three horizontal sections by two lines. Each section contains two horizontal lines and a central vertical line. The top section is labeled 'A' and the bottom section is labeled 'C'.

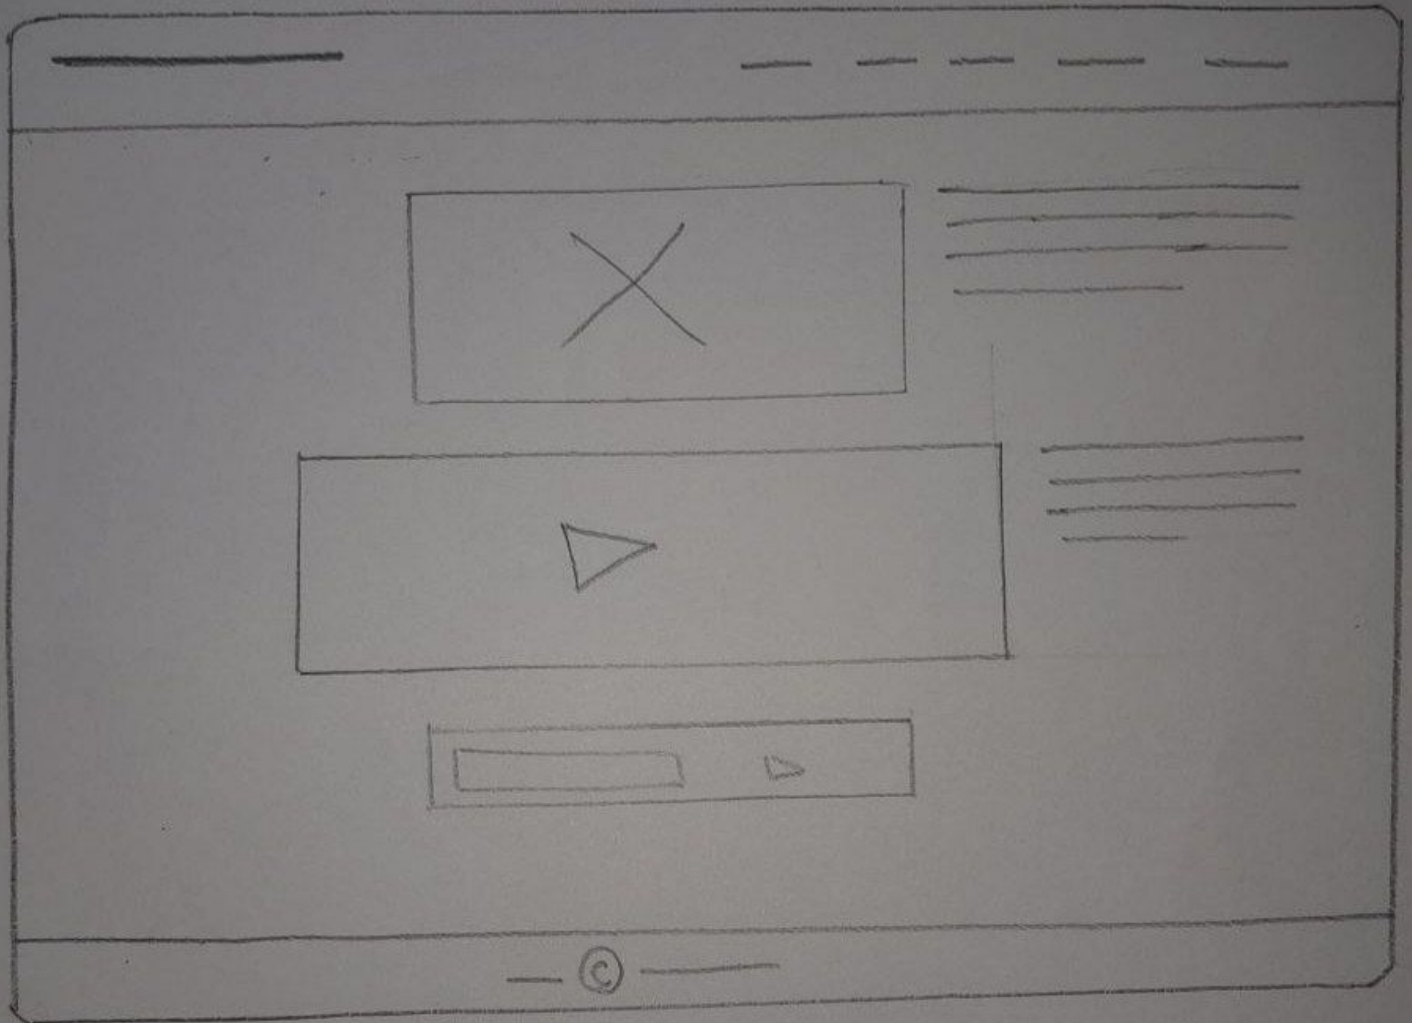

Desktop

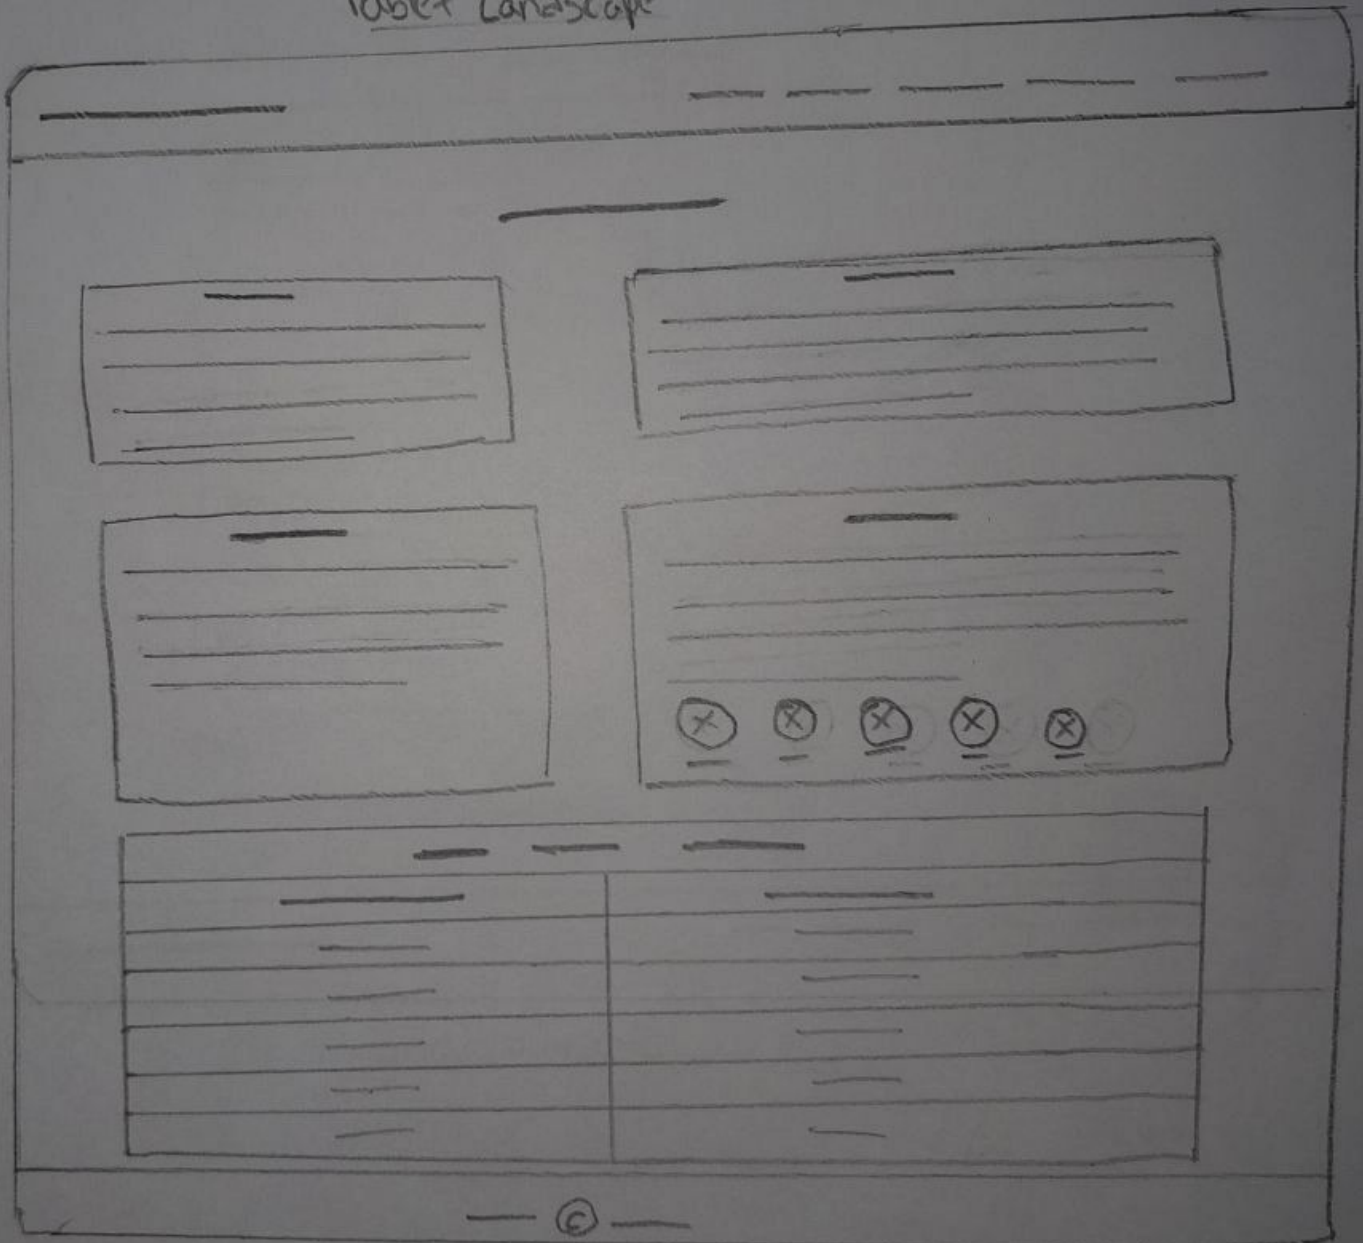

Tablet Landscape

A hand-drawn sketch of a tablet landscape interface. The interface is enclosed in a rounded rectangle with a thin border. At the top, there is a horizontal line representing a header. Below the header, on the left side, there are three stacked rectangular input fields. Each input field is preceded by the word "LABEL" in a simple, hand-drawn font. The first input field is the topmost, followed by the second, and then the third. Below the third input field, there is a larger rectangular area, possibly a text area or a placeholder for an image, with a small "///" symbol in the bottom right corner. At the bottom left of the main content area, there is a rounded rectangular button labeled "Send". At the bottom center of the interface, there is a small circle with a "C" inside, flanked by two short horizontal lines, representing a home or back button.

Tablet Portrait

A hand-drawn sketch of a tablet portrait interface. The sketch is enclosed in a rounded rectangle. At the top, there is a dashed line representing a status bar. Below this, there are three labels, each followed by a rectangular input field. The labels are written as "LABEL". The input fields are empty. Below the third input field, there is a larger rectangular area, possibly for a message or a list, with a small diagonal line in the bottom right corner. Below this area is a rounded rectangular button labeled "Send". At the very bottom, there is a horizontal line with a small circle in the center, representing a home indicator or a navigation bar.

Mobile LandScape

A hand-drawn wireframe of a mobile application interface in landscape orientation. The interface is enclosed in a rounded rectangle. At the top, there is a header bar with a horizontal line on the left and a hamburger menu icon (three horizontal lines) on the right. Below the header, the main content area contains three vertically stacked items, each consisting of a label and a text input field. The labels are written as "LABEL". Below these three items is a larger rectangular area, possibly a list or a detailed view, which also contains a small hamburger menu icon in its bottom right corner. At the bottom of the main content area is a rounded rectangular button labeled "send". The very bottom of the screen features a footer bar with a central circular icon containing the letter "C".

Mobile Portrait

A hand-drawn wireframe of a mobile application interface in portrait orientation. The design includes a top status bar with a hamburger menu icon on the right. Below this is a header section with a horizontal line. The main content area contains three identical blocks, each consisting of a label followed by a rectangular input field. The labels are written as 'LABEL'. Below these is a larger rectangular area, possibly for an image or a detailed message, with a small icon in the bottom right corner. At the bottom of the main content area is a rounded rectangular button labeled 'SEND'. The entire interface is enclosed in a rounded rectangle, and a bottom status bar contains a central circular icon.
